Who are we?

We are a team of specialists in BIM technologies with more than 6 years of experience working all over the world. In our portfolio we have successfully finished projects in the USA, Great Britain, France, Australia, Germany, Belgium and Netherlands.

Our goal is to provide more efficient ways of designing, building and operating projects for Architects, Engineers, Contractors and Owners, making true BIM lifecycle experience a core of our work.

What do we offer?

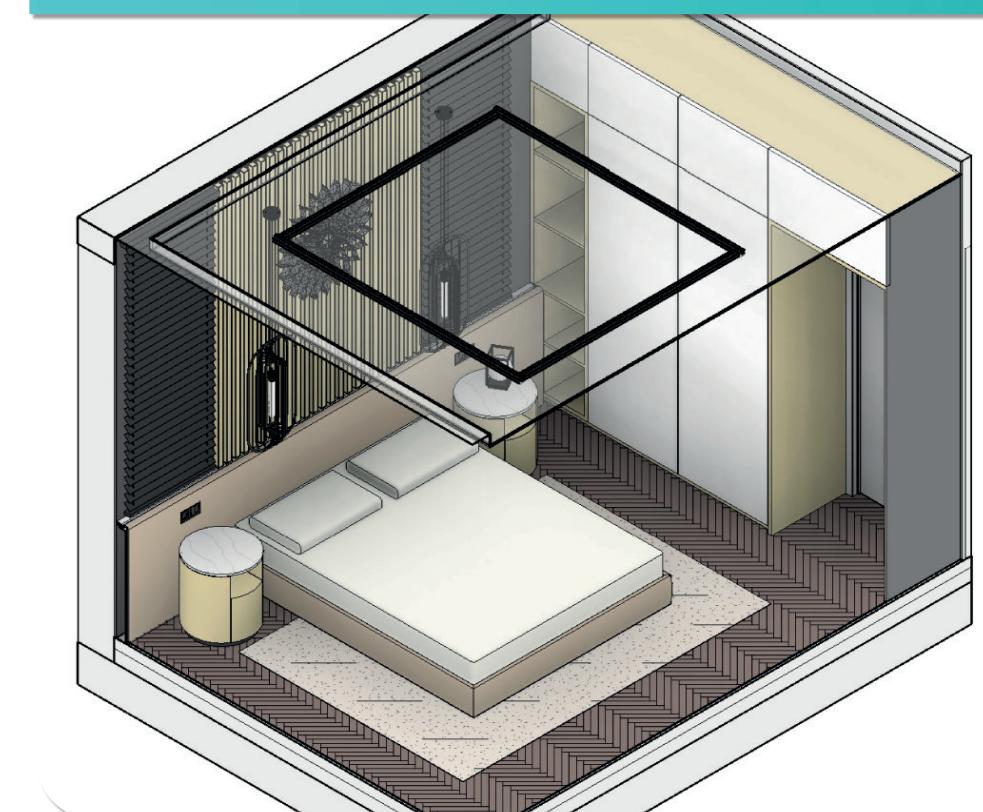

Architectural modeling

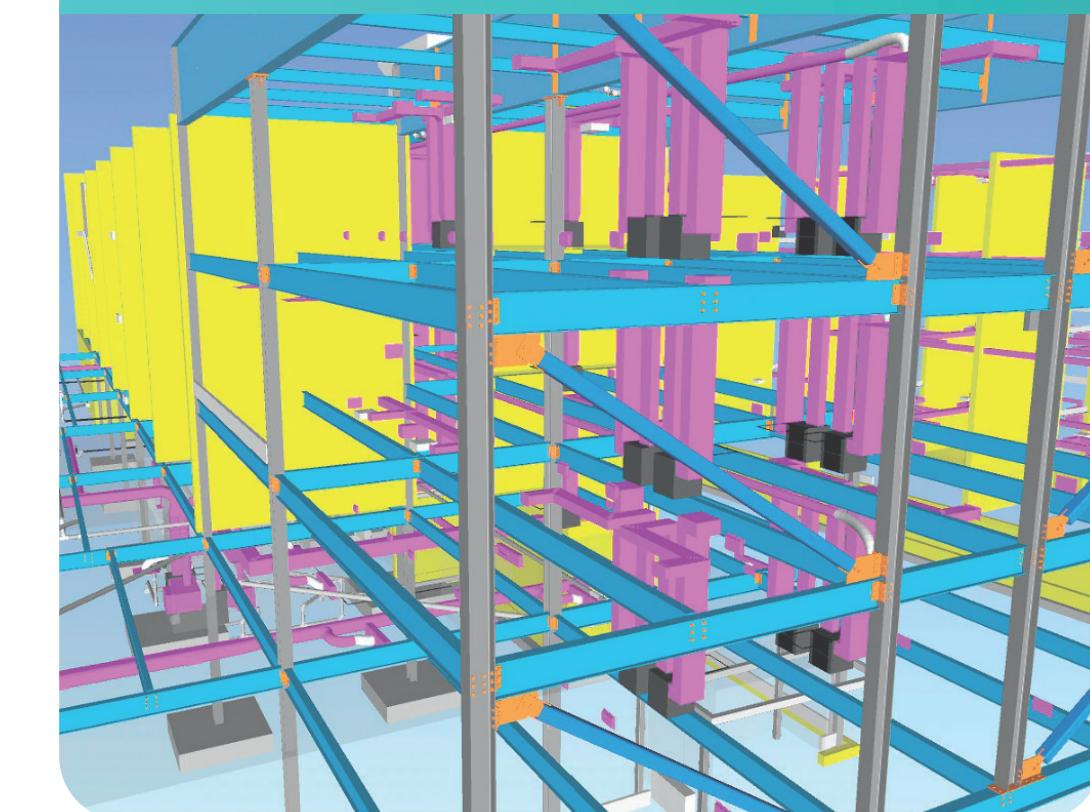

Visualization

Interior modeling

Coordination with other disciplines

What benefits BIM model can give?

What benefits
BIM model can give?

A model in high LOD in 3D can help to
see your building with all detail!

What benefits BIM model can give?

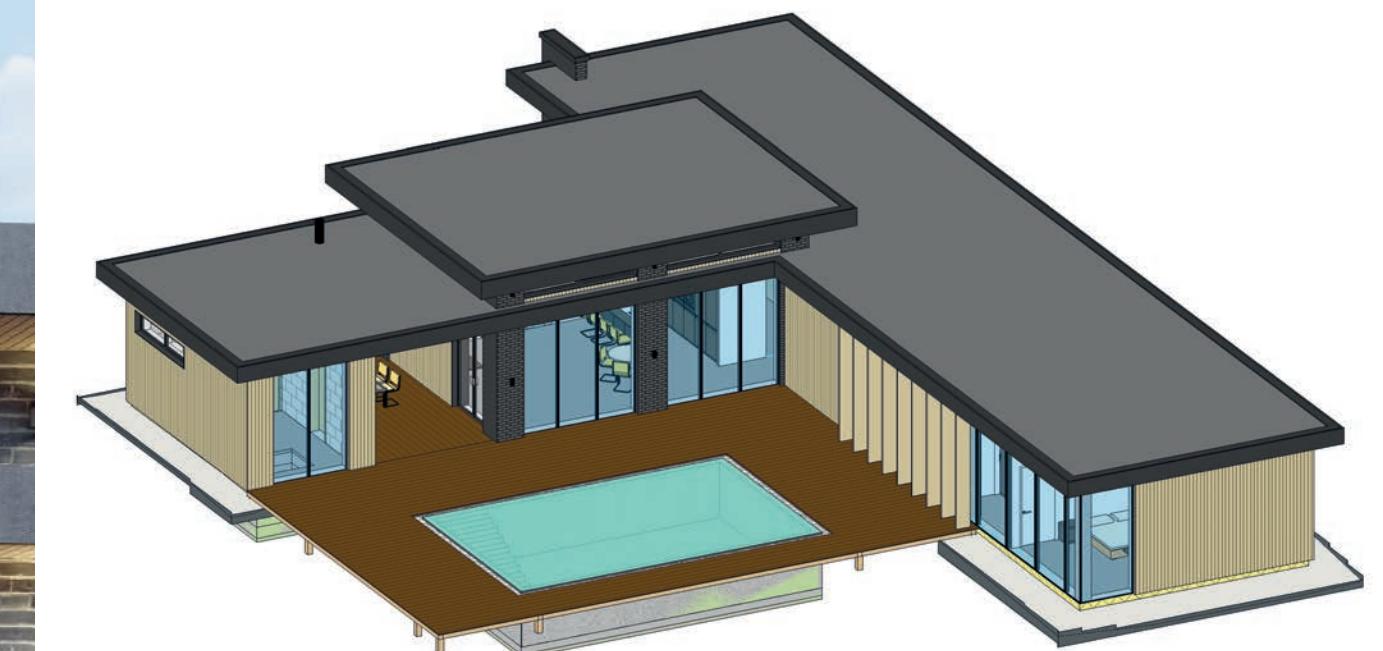

Coordination with other disciplines will not allow mistakes and clashes at the construction site. All clashes wil be identified at the design stage!
